

Vibrating Knee/Elbow Wrap

Intellinetix is the first line of products to combine targeted vibration therapy in a portable device at an affordable cost.

Vibration therapy works in two ways. First, the gentle vibrations help stimulate muscles and ligaments to increase blood circulation. Second, the vibrations serve as a sensory distraction, disrupting pain signals that are constantly traveling from your body to your brain and replacing them with gentle, massaging sensations. Best of all, with vibration therapy, there is no feeling of electric shock commonly associated with TENS units.

Clinical studies on whole body vibration therapy have shown that it can help reduce pain and inflammation as well as improve joint flexibility and strength. Over the years, vibration therapy has been used in clinics, hospitals, and even by NASA as an option to maintain bone density for astronauts.

Rechargeable and easy to use, Intellinetix products represent intelligent innovation – taking the proven power of whole body vibration and targeting the source of pain with localized, portable vibration therapy. Whether it's a chronic condition such as arthritis, or an acute injury, Intellinetix now has products that may offer relief to your hands, knees, elbows or shins. There's even an option that helps eliminate the pain of migraines or severe headaches.

Available without a prescription, Intellinetix products represent an alternative treatment without the pills.

removable vibration pad recharges easily

vibration cells to target pain and reduce swelling

adjustable fit

positive affirmation grip pattern

USE FOR

- Osteoarthritis
- Patella Tendonitis
- Joint Discomfort
- Fibromyalgia
- Cubital Tunnel Syndrome
- Tendonitis

WHY?

- Targeted vibration therapy for your knee or elbow
- May aid in pain relief and improve flexibility
- Provides mild compression to enhance blood circulation
- Easily adjustable wrap featuring hook and loop closure
- Comfortable to wear
- Cotton material allows skin to breathe
- Removable vibration pad
- Universal design features positive affirmations
- Not made with natural rubber latex
- Machine washable
