

What is your **Plantar Fasciitis I.Q.?**

Plantar fasciitis is one of the **most common** causes of heel pain.²

²Mayo Clinic

According to one study,

88% of patients experienced significant improvements after using a dorsiflexion night splint for one month.¹

We believe dorsiflexion splints provide relief from the symptoms of recalcitrant plantar fasciitis in the majority of patients.¹

Nice Stretch X-Lite has received the Ease-of-Use Commendation from the Arthritis Foundation.

Plantar fasciitis is common among a broad range of occupations including athletes, soldiers, factory workers, construction workers, teachers and more.

AAOS

The American Academy of Orthopaedic Surgeons

"A night splint is very effective in the treatment of Plantar Fasciitis."

NICE STRETCH was the first night splint on the market with built-in cold therapy.
