Plantar fasciitis is one of the most common causes of heel pain.\textsuperscript{2}

\textsuperscript{2}Mayo Clinic

According to one study, \textbf{88\%} of patients experienced significant improvements after using a dorsiflexion night splint for one month.\textsuperscript{1}

\textbf{We believe dorsiflexion splints provide relief from the symptoms of recalcitrant plantar fasciitis in the majority of patients.}\textsuperscript{1}

Plantar fasciitis is common among a broad range of occupations including athletes, soldiers, factory workers, construction workers, teachers and more.

\textbf{NICE STRETCH was the first night splint on the market with built-in cold therapy.}

Scan for product demo or visit brownmed.com/videos for more information.

\textbf{Nice Stretch X-Lite has received the Ease-of-Use Commendation from the Arthritis Foundation.}

\textbf{“A night splint is very effective in the treatment of Plantar Fasciitis.”}
